Aloha FCC Commissioners,

Subject: Response to FCC orders on Sandwich Isles Communications, WC Docket No. 10-90

Sandwich Isles Communications (SIC) has been our telecommunications provider for 13 years. I am concerned that your drastic and severe actions threatening our school's ability to teach using 21st century telecommunications. SIC has served our school well since it began providing service to our rural communities that were by-passed by other telephone companies. Because of SIC's commitment, our students are able to have state-of-the-art telecommunications services to advance their knowledge and learning. All industries rely on computers and the internet in today's society. Without SIC our school would not receive the high quality service we now enjoy. In addition, SIC's commitment to our community has provided our school with emergency phones that keep our students safe. No other telecommunications carrier would provide our school with the necessary technology, dedication and care that SIC offers. We strongly support SIC and ask that you do the right thing and maintain its ability to continue its exceptional work to provide telecommunications services.

Mahalo,
